EXPERIENCE

Vera, Vic —*Networking apprentice*

March 2023 - June 2024

During my vocational training I worked in Vera for 3 months, learning directly from the engineers and technical staff first hand.

LasevaWeb, Vic —*FullStack Developer*

November 2023 - April 2024

In LasevaWeb I was maintainer of a few projects, such as SendItum, and helped develop TecProd for TacOsona.

Freelancing — Backend Developer / DevOps

December 2023 - Actuality

I collaborate with a freelance team and we share projects together and develop for any range of clients.

RustLangEs — *Contributor / Collaborator*

June 2024 - Actuality

RustLangEs is a project that intends to convert all rust resources from the compiler to the documentation to the spanish language, we fork projects/create our own projects developed in spanish.

EDUCATION

InstitutLaPlana, Vic — *Obligatory Secondary Education*

October 2017 - June 2021

I have studied from 1st ESO to 4th ESO in that school.

Vedruna Pro, Vic — *Networking and Microsystems*

October 2021 - June 2023

I did the networking and microsystems vocational training in Vedruna.
